| **Bio** – Mr. Bowe joined Green Contracting in 2022 as a BIM Coordinator.

At Green Contracting, Mr. Bowe is responsible for implementing and completing work models according to contract document requirements and field conditions. He produces baseline deliverables necessary for fabrication and for field teams to complete the installation. Deliverables include scaled shop drawings, pad layout drawings, floor plan drawings, penetration drawings, hanger support detail drawings, and test package/spooling documentation.

Mr. Bowe spends time on jobsites doing 3-D scans, he leads coordination efforts between contractors, clash detection, and the resolution process in working models. He assists in the QA/QC process through documentation and upkeep of weld, flange, and material logs.
