Bio – Mr. Richardson began his career at Green Contracting in 2016 as a Senior Project Manager. Prior to Mr. Richardson’s hire, he managed operations for a Mid-Atlantic firm which annually performs approximately \$60,000,000 of predominantly Design-Build/Design-Assist mechanical, electrical, plumbing, ATC, and Commissioning work.

At Green Contracting, Mr. Richardson directly oversees large projects with complex scopes and strict deadlines. His primary management emphasis is on risk identification & management, labor management, dispute resolution, ensuring compliance with required project standards, and project financial management, all while adding value to the project and exceeding customer expectations.

Mr. Richardson applies an impeccable work ethic, keen time and resource management skills, and an acute attention to detail to every aspect of his role resulting in remarkable project success and customer satisfaction.
